## Director's Discipline Reports

### Archery

49 shooters at tournament, 9 paid shooters on course, one unpaid walk on who came in when SC gate was open for course maintenance. We are working on that issue on a monthly basis.

We learned lessons at the tournament shoot, basically made no money due to trophy cost and reducing shoot fee to \$15 from \$30 because that was Bend Bowman price for their shoot a week before ours. Then they canceled their shoot after we had printed and advertisement was out there.

My thought was just hats for winners but the difference when split might have been \$200. So no hard feelings, but we are in this to make some money for the club and have another venue for members.

Doug and I have decided to run future shoots differently. We will simply charge a per head fee, the other clubs can effectively just rent our course for a day or two. We could rent our 3D targets for an additional fee.

Just he and I could put on a 20 target shoot for less money, no prizes, no score cards, just come out and shoot. Maybe to be determined in the future

## **Cowboy Action**

8/14/21 5 shooters. 4 male, 1 female

8/28/21 7 shooters, 6male, 1 female. 1 non shooter, female

\$5.00 'insurance' to donation.

Will be doing a 2 day Halloween shoot/fundraiser in October. Details to come.

## **Facilities**

Item 1:

Tuesday August 24, our grant from ODFW was finally approved by the Department of the Interior. ODFW will now send a contract for signature and then the balance of the road work can be completed. I have a call into the contractor to get this scheduled as soon as can be done pending the signing of the contract.

R/P Steering Committee met at the range on August 26. Topics discussed

- Clean up south of east pistol berm. Future – place single row or eco blocks to catch dirt berm soil sloughs
- Remove stumps and soil, remodel south end of middle berm and ramp to rifle. Level site to relocate Range Office

- Move old shooting bench to east pistol range, level and set in. This will provide 3-4 additional pistol shooting positions. Install target holder brackets on existing wood timbers (railroad ties

- 3) Team met early August for a BBQ and discuss 2022 goals. Conversation about registered tournaments, group events, site needs.
